

## 15 Steps to GET RICH

Before you get into this, there are some things you should know. We all are different, so consider below first:

- **No debts:** If you're in debt, find a job or a secure source of income. Don't take on anymore debt! Work and pay off the debt you have. so you can start with a clean slate.
- **Low dependencies:** This is going to involve an element of risk. In the first years you will not see much traction, yet it will require you to keep going at it. Start building it as a part time project alongside your current job, until the revenue from the new business can sustain you and your family.
- **Income or savings:** You will need resources. If you already have a job or have some savings these will come in handy. You might need a car, you will need to pay for some services, even if you try to do most of them yourself.
- **5 to 7 years:** The average business takes 7 years to be successful. If you can build something that lasts for 7 years, you will get rich. If you're really smart and agile, you might do it in 5. If you're slow it might take you 10, but you **WILL STILL GET THERE**

### Part 1 (the first 5 steps): Start Making Money

1. **Establish the goal:** "Every successful persons writes down goal", **SMART goals**
  - Specific
  - Measurable
  - Achievable
  - Realistic
2. **Break it down and do the math:** Money is numbers game! Brake down goals in small pieces
3. **Educate yourself and build skills**
4. **Work every single day:** Discipline your mind and action
5. **Get it Done:** Start doing actual work

### Part 2 (steps 6-10): Building Wealth

6. **Outsource repetitive tasks to other:** You will never find anyone to work as hard as you do for your business. However your goal should be to systematize and automate 80% of the entire business, with the remaining 20%, the creative part, the strategy part, falling on your shoulders
7. **Analyze and Improve:** KNOW YOUR NUMBERS and Manage Revenue, People and Yourself
8. **Live like you're poor:** Bring self-control and discipline, "*The longer you live like you're poor when you don't have to, the richer you become!*"
9. **Save to Invest:** Rice people work hard, to make money, so they can buy themselves money making machines
10. **Invest:** Mainly two type

Cash flow Investments	Appreciation Investment or capital gains
✓ Rental Income From Real Estate	✓ Stocks
✓ Certificates of deposit or CDS	✓ Real Estates
✓ Bonds	✓ Gold and silver
✓ Dividend	✓ Art & collectibles
✓ Peer to Peer Leading	✓ Cryptocurrencies

### Part 3 (steps 11-15): Getting Rich

11. **Re-invest in main business as per changing market:** Allow 50% of the generated revenue to go into investments and use the other 50% to solidify and improve the business itself
12. **Find a successful mentor:** Successful people love to help other people become successful as long as they prove themselves worthy
13. **Build your network:** Your Network is your net worth!
14. **Leverage your contacts to diversify your portfolio in large scale**
15. **Sell the business & do it all over again** –but this time much bigger

**DO NOT QUIT when it gets hard**
